

Community Centered Art Programming

@smallbatchhenna
@minnecratclub

CREATE
TOGETHER

SOME OF MY SERVICES

- DIY bookmarks and journals
- Handmade sun crystals
- Personalized coloring pages
- Natural henna/glitter/airbrush tattoos and more!

Customizable craft workshops—ranging from DIY bookmarks to handmade gifts—are designed to **inspire creativity, connection, and healing** in schools, libraries, small businesses, and more. Programming is affordable and flexible (or even free if your community needs it!), with options available to fit the needs of low-income-serving organizations and nonprofits. Based in North Minneapolis (and proud to be a lifelong resident!), I'm a BIPOC artist passionate about bringing art and creativity to your community.

Thank you for supporting local artists!
